Behind OneMama NON PROFIT

The OneMama Collection helps assist in funding OneMama programs to prevent HIV transmission from mother to baby and teach empowerment and sustainability in rural impoverished communities worldwide.

OneMama programs put special focus on women, specifically midwives who are often at the center of these impoverished communities.

Women in late term pregnancy travel by foot for miles in order to give birth with a midwife they trust. At times, a single midwife nurtures all of the mothers and infants of an entire community- thus, quite literally being one mother for all: **One Mama**.

OneMama's pilot program in Uganda consists of building an on-site, solar medical clinic where midwives can provide safe post and prenatal care to their patients as well as teach about family planning and economic sustainability. As OneMama grows, we will gradually replicate this program in 250 communities around the globe.

Your purchase from the OneMama Collection will enable OneMama to continue its growth in Uganda and worldwide to improve the well-being of impoverished communities by supporting our mission to provide medical supplies and clinics, along with onsite health and financial education for midwives and their clients. Saving lives and building healthy, sustainable environments.

Inside the **OneMama** COLLECTION

Every \$2 Saves a Life!

The **OneMama Collection** is a variety of products handcrafted exclusively for **OneMama Inc.** to support its programs in Uganda. In each rural impoverished community that **OneMama** supports, its members create clothing, jewelry, and novelty items to help fund **OneMama** projects. Giving the community ownership of the project, while teaching sustainability.

100% of the proceeds made from the sale of these products are put back into the community, clinic, and programs. Each purchase is a donation and tax-deductible. Find the perfect gift for you or someone else, and make a difference. With each purchase, you are saving lives.
